# SBC to host webinar on biodiversity via Zoom on June 24

**KUCHING:** Sarawak Biodiversity Centre (SBC) will be hosting an online webinar titled 'Biodiversity Conservation and its Management' on June 24 at 3pm via Zoom.

The webinar aims to share insight on biodiversity conservation and its management in Malaysia, and the implementation of strategies for effective management of biodiversity.

It will be delivered by Emeritus Professor Dato Dr Abdul Latiff Mohamad, a pioneer in the research of plant taxonomy and conservation biology in Malaysia, who will address the sustainable development and management of biodiversity in line with the country's strategies to create a high impact on socio-economic growth.

The webinar will also highlight future challenges in biodiversity conservation and management.

"Abdul Latiff has received many awards in recognition of his contribution to plant taxonomy and biodiversity research, among them the Merdeka Award (Environment) 2014," said SBC in a press release.

"Over the years, he has published more than 600 scientific articles and proceedings about biodiversity,

Abdul Latiff has received many awards in recognition of his contribution to plant taxonomy and biodiversity research, among them the Merdeka Award (Environment) 2014. Over the years, he has published more than 600 scientific articles and proceedings about biodiversity, plant taxonomy and ecology.
